

small business. BIG HEART.

On-site Training CPR/AED/First Aid

Industrial/Agricultural/Construction/Medical/Office

WHO WE ARE

Lindsey Ahlschlager and Angie Hintz are two highly motivated, small town medical professionals committed to providing the best lifesaving training to your employees. Our 20 years of combined emergency medical experience will guide you through hands-on skills and real-world scenarios to ensure you are ready to act in critical moments. With having spouses and family members working in industrial and agricultural occupations, we take our work very seriously and know our training could help save a life!

WHY CHOOSE US

- ✓ OSHA Compliant—Our training follows industry standards along with AHA completion cards.
- ✓ On-site training—We come to you! We train your employees at your facilities.
- ✓ Multiple class sizes—We can accommodate a wide variety of class sizes, up to 24 employees per class.
- ✓ Small, personalized service—Locally owned and operated small business with personal ties to the surrounding areas.

OUR SERVICES

American Heart CPR

Hands on CPR training provided by highly skilled individuals with over 20 years of combined medical/ER experience.

Site specific AED

Site specific training using the same brand AED (automated external defibrillator) that is used at your facility.

First Aid

Learn lifesaving skills to care for an injured individual until EMS can arrive. From small office accidents to large industrial emergencies.

Proudly serving Central and Western North Dakota businesses.
