**2017 NDDA Annual Session**

---

### 2017 President’s Mixer and Foundation Fundraiser

Have the “Time of Your Life…”
Are you ready for a totally rad evening of fun and flashbacks?

We are going back in time to the 1980’s high school prom! Wear your most gnarly ’80s getup, and we’ll Party Hardy to the Max!!

Dr. Katie Stewart, President of the NDDA invites you (dentists, hygienists, assistants, staff, exhibitors and spouses) to totally kick back, take a chill pill, and have a like totally awesome time while we visit and dance along to music by TCDJ!!

The North Dakota Dental Foundation will again host an auction and raffle with all proceeds benefiting dental access to care throughout North Dakota.

So don’t be lame and join us… the festivities begin at 7:00 p.m. at the Delta Hotels by Marriott Fargo on Friday, September 15, 2017 and is open to everyone involved with the conference at no extra charge.

Although you won’t be saying “Where’s the Beef” as no meal will be provided, we will offer hors D’oeuvres that won’t Gag Me With a Spoon, and No Duh, we will have a cash bar available. Please plan to come dressed in your favorite ’80s Prom attire and enjoy an evening of like totally righteous fun, bad photos, and other great opportunities to relax, psych each other out, visit and have a great time!

---

### For Hotel Reservations

(*Cut-off date for registration under NDDA room blocks is August 15, 2017)*

**Delta Hotel by Marriott Fargo**
(formerly Ramada Fargo Plaza Hotel)
1635 42nd St South
Fargo, ND 58103
Phone: (844) 802-9814

*Note: Ask for ND Dental Association group rates.

**Additional Hotel Options:**

- Expressway Suites
  4303 17th Avenue South
  Fargo, ND 58103
  Phone: 877-239-4303

*Note: Ask for ND Dental Association group rates.

---

### NDDA Golf Scramble

(Open to all attendees)

The North Dakota Dental Association Golf Tournament will be held at Rose Creek Golf Course, 1500 East Rose Creek Parkway S, Fargo, ND on Thursday, September 14. Shotgun start will begin at 12:00 p.m. Please plan on joining us for an afternoon of fun and golf!

The cost is $70.00 per person which includes green fees, cart, many great prizes and post golf social. Lunch will not be provided at the event, however we will have post tournament food and a social directly following the event. Be sure to grab something to eat before you arrive. To avoid the confusion of switching teams the day of the event, we ask that you include your golf partner, if desired, with your registration in the space designated below.

Golf Hole Sponsorships are available. If you are interested, please designate below or contact the Central Office at (701) 223-8870.

---

### Attendee and Exhibitor Social

Please plan on joining us Friday afternoon, September 15 from 4–6 pm in the Exhibitor Hall for light appetizers and beverages, but more importantly an opportunity to meet, mingle and thank all the fantastic exhibitors for attending and supporting our Annual Session!

To make the Exhibitor Social more fun and give you an opportunity to win some great prizes, our Exhibitors will be assisting us this year.

To participate, simply stop by and visit our Exhibitor booths between 7:30 am–4 pm on Friday. The Exhibitor you meet with will provide you with a door prize drawing ticket to be deposited into a drawing container. You must be present to win so plan on joining us beginning at 4 pm on Friday when the drawings begin. We will draw a ticket and announce a winner every 15 minutes during the social!

You will have an additional opportunity to meet with Exhibitors and collect tickets again on Saturday morning between 7:30 am–1 pm to win prizes. Drawings will be held at 1 pm before the lecture series resumes and you must be present to win.

---

### Other Information:

Registration fees are only refundable prior to September 1, 2017.

All badges, programs and materials will be at the Registration Desk.

Dentists: your name badge is your ticket to the Membership Luncheon.

Notice: Name badges are required for admission to the NDDA Jack Pfister, DDS Lecture Series and Exhibits.

Speaker handouts available online only. Please print and bring along.

Continuing Education Certificates will be available online only and can be downloaded from the www.smilenorthdakota.org website on Monday, September 18th, following the event.
The NDDA’s Annual Session Clinical Lecture Series is named in honor of Jack Pfister, DDS, Wahpeton, ND. Dr. Pfister graduated from the University of Minnesota School of Dentistry in 1943 and practiced dentistry until his death in 2011. He was the ultimate leader in organized dentistry serving as his district’s president, six years as secretary and then ten years as trustee for the NDDA, serving as its president in 1964. Dr. Pfister served two terms as 10th District Trustee to the American Dental Association and one year as ADA treasurer. Dr. Pfister also served as a member (6 years) and then chair (4 years) of the ADA’s Council on Hospital Dental Service. Dr. Pfister was always proud that he was instrumental in helping implement the dental hygiene program at NDSCS. Dr. Pfister served as NDDA Executive Director from 1983 through 1992. Jack was an accomplished tennis player, he loved the practice of dentistry and organized dentistry and the NDDA gives this recognition to him in appreciation and honor for his decades of service to dentistry.

**Featuring:**

Dr. Griffin earned his DMD degree from Southern Illinois in 1987 and completed a GPR at the University of Louisville in 1988. Jack has Diplomat status with the American Board of Aesthetic Dentistry, accreditation with AACD, and Mastership in the AGD. Jack has served as the MasterTrack/CE chair for the Missouri AGD and has reviewed products for Reality Esthetics, the Dental Advisor, the Catapult Group, Dental Products Report, Dental Product Shopper. He is currently a clinical director for the Pacific Aesthetic Continuum, and serves the community with a large St Louis county Missouri practice emphasizing cosmetics and doing all phases of general dentistry. He has been published over 50 times in many of the leading dental journals and considers it an honor to be invited to speak and share with our great profession.

**Friday, September 15, 2017**

*Let’s Grow Tooth*  
CE Hours: 6

“Let’s Grow Tooth” - Excellent clinical dentistry using bioactive/regenerative materials

Ever had a patient say “Doc, that tooth was never a problem until you fixed it?” Let’s stop the madness. Wouldn’t it be wonderful if we could make the tooth grow? With newer regenerative/bioactive materials we can stimulate dentin healing and self-repair in our direct and indirect restorations all while reducing sensitivity. We will learn indications for newer liners, bases, cements, and restorative materials that encourage dentin repair, lessen sensitivity, and promote a healthier oral environment. We will apply these newer materials in our direct composite restorations while exploring matrix systems for predictable, tight, well contoured contacts. We will also consider regenerative materials when doing dentin replacement and cementation of durable esthetic indirect restorations like lithium disilicate and zirconia.

**Learning Objectives:**

1. The latest in regenerative materials such as dentin liners for dentin sealing, pulp capping, and thermal insulation for increased comfort and restoration success.

2. Cementation and infrastructure for zirconia and lithium disilicate crowns with materials that promote dentin formation and sealing of the restoration margins.

3. Efficient direct composite analgesics, local anesthetics, and oral or parenteral anesthesia agents.
Featuring:

Mel Hawkins, DDS, BeScD(AN), FADSA, DADBA

Mel Hawkins graduated from the University of Toronto, Faculty of Dentistry with his DDS degree in 1973 and returned for his formal training in Dental Anesthesiology at the same University from 1975-1976. He is the Founding Director of the Intravenous Sedation Certification, Continuing Education Program in Canada at the University of Toronto and the University of Alberta. He has over 30 years of private practice experience in Toronto, Canada, with special emphasis on pain control and patient management and unique local anesthesia requirements for the dental patient. Mel has been lecturing throughout the United States, Canada, Mexico, Europe and Asia for over 40 years.

Dr. Hawkins is board certified as a Diplomat of the American Dental Board of Anesthesiologists and is a Fellow of the American Dental Society of Anesthesiology. Dr. Hawkins holds honorary fellowships with the International College of Dentists and with the Pierre Fouchard International Academy.

Dr. Hawkins is an author, clinician and speaker on topics concerning sedation and pain free management of the dental patient and for ten consecutive years from 2005-present has been recognized as an Annual Leader in CE by “Dentistry Today.”
Medical Emergencies in the Dental Office – Medical Emergencies in Life!

Program Synopsis/Description:
As health professionals we must be increasingly aware that we are treating an aging and pharmacologically drug dependent and ambulatory population. How can we be expected to respond/react to life threatening situations when they “never occur?”

Simplicity! Practical equipment adjuncts, a few good drugs, “red flags” of predisposing medical conditions, vasoconstrictor interactions and local anesthetic overdoses will be assessed. The syncope algorithm is universally applicable to initially treating ANY and ALL emergencies. The team approach is emphasized.

Morbidity/mortality case reports, anecdotes including situations encountered in over 40 years in dentistry will cover dental office, family, neighborhood, shopping center and sports experiences.

Learning Objectives:
After this presentation the attendees will be able to:
1. Appreciate the differences between true emergencies, urgencies, annoyances and non-events.
2. Comprehend the pharmacology of a very few drugs including oxygen and make an emergency kit.
3. Consider the physiological differences between the adult, the child and the senior citizen.
4. To address the question, “How can we be expected to treat a medical emergency when they ‘just never happen’ (or do they?)
5. Assess Case Reports, in the dental office and in day-to-day life.
6. Acquire confidence in the standard approaches for any emergency, by knowing syncope management and by doing mock simulations.

Local Anesthesia: 30+ Years of Hits, Misses and Near Misses - Technique and Pharmacology

Program Synopsis/Description:
Local anesthesia pharmacology IS technique and local anesthetic technique IS pharmacology.

The participant will learn to enhance local anesthesia techniques via the clinical application of modern pharmacology and multi-tasking with advanced block approaches and infiltration.

The Akinosi, Gow-Gates, Conventional Inferior Alveolar block techniques including lingual infiltration of mandibular permanent molars are shown.

Product selection, what’s new including the current status of articaine, reversal agents, buffering systems, inhalational local anesthetics, what’s upcoming and much more is presented.

Learning Objectives:
After this presentation the attendees will be able to:
1. Appreciate the anatomy of local anesthesia.
2. Understand the influence of tissue and product pH.
3. Multitask with combinations of techniques, volume and make intelligent choices as to which local anesthetics might be used and when.
4. Understand vasoconstrictors, their drug interactions, blood pressure influences and what to use, what not to use and why.
5. Apply 12 tips and tricks learned over 30+ years.
6. Assess and critique case reports and respond to, “What would you do now, Doctor?”
2017 NDDA Annual Session

Registration Form 2017 Annual Session
North Dakota Dental Association • September 14th - 16th
Delta Hotel by Marriott Fargo (formerly Ramada Plaza Hotel) • Fargo, North Dakota
(One person per form, photocopy as needed)

NAME ____________________________________________________________
