"Infection Control" – 2 CEs

Dianne Testa, GC America Inc

Registration/Exhibits Open: 6:00 p.m.

Time: 7:00 p.m. to 9:00 p.m.

Where: Radisson Hotel, Bismarck, ND – Galleria Ballroom

Social – Ballroom Foyer 8:30 p.m. to 11:00 p.m.

Let the warmth of friendship take the chill from the air, and the spirit of the season make winter easier to bear. Please join us directly following the presentation for a cocktail social starting at 8:30 p.m. to 11:00 p.m.

All meeting attendees and exhibitors are welcome. Drinks and appetizers will be provided.

LEE ANN BRADY, DMD

Dr. Lee Ann Brady lives in Phoenix, Arizona, with her husband, Kelly, and three children Sarah, Jenna and Kyle. She owns Desert Sun Smiles Dental Care, a private restorative practice in Glendale, Arizona. Outside of her private practice, Dr. Brady is the Director of Education for The Pankey Institute, recognized for hands-on

education programs focused on occlusion and restorative dentistry. She is the founder and lead curator of Restorative Nation, a supportive learning community for dentists.

In 2010 she was recognized by Dental Products Report as one of the "Top 25 Women Dentists in the U.S." in the category of dental educators.

In 2005 she joined the non-profit Pankey Institute as their first female resident faculty member. Within a year she was promoted to Clinical Director and held this position until November of 2008. In 2008 she was asked to join Dr. Frank Spear in the formation of Spear Education and the expansion of his curriculum. As the Executive VP of Clinical Education at Spear Education, she managed the development and delivery of all programs in addition to her teaching responsibilities. In 2011 she left Spear Education to focus more on patient care and hands-on education.

She is a frequent presenter at local, state, national and international dental meetings such as the ADA Annual Session, AACD Annual Meeting, Thomas P. Hinman Dental Meeting, Chicago Midwinter Meeting, Texas Dental Association Annual Meeting, Yankee Dental Congress and Florida National Dental Congress. She is a Guest Presenter at the Pankey Institute and teaches Continuing Education for the University of Florida College of Dentistry and University of Minnesota School of Dentistry.

Dr. Brady earned her DMD degree from the University of Florida College Of Dentistry.

Being a lifelong learner, she dedicates countless hours to studying and understanding occlusion, restorative dentistry and dental materials performance. She enjoys researching and teaching these clinical disciplines as well as patient communications, case acceptance and team development. She is passionate about solving complex cases, understanding the needs and concerns of her patients, facilitating the success of colleagues, and helping dentists find balance in their lives.

AVOIDING RESTORATIVE FAILURE

SYNOPSIS:

One of the things we dread in dentistry is case failure, and we lose sleep and stomach lining worrying about it. Cases fail for a multitude of reasons; some minor while others can be major disasters. The underlying cause can be esthetic, functional, biologic or sometimes behavioral. A large majority of failures can be predicted before a case begins, but we don't look for the warning signs. This program will look at risk assessment in all four areas, and present a systematic approach for examination, diagnosis and treatment planning designed to minimize surprises and maximize case success.

LEARNING OBJECTIVES:

After attending this seminar, the participant will be able to:

1. Esthetic Evaluation & Risk Management
2. Understanding & Managing Functional Risk
3. Managing Caries Risk
4. Creating Patient Ownership

Friday, January 18, 2019

DIANNE TESTA, RDA, RDH, BS

Dianne Testa is a Registered Dental Assistant, Registered Dental Hygienist and received her BS in Dental Hygiene from the University of Minnesota.

Dianne's background includes: clinical practice, director of a dental hygiene program, a clinical instructor, educator, a public speaker, and a consultant.

She currently speaks throughout the country on many topics from OSHA and infection control, radiation safety, local anesthesia, ethics and jurisprudence and radiographic techniques. Dianne's lectures and customized trainings range in the areas of ultrasonic scaling and periodontal debridement, the use and placement of periodontal adjuncts, how to get your patients to health, treatment planning and case presentation and many more. Dianne works for GC America as their district sales manager for Minnesota and North Dakota.

Dianne has been published in the Illinois Dental News on her work in infection control, RDH magazine, Dental IQ, and practical dental hygiene on her work with enzyme suppressing drugs used in periodontal therapy.

Dianne has received awards for Minnesota's Outstanding Hygienist 2000, and the faculty Innovation Award 2001. She is listed in Who's Who Among America's Teachers.

Her 30+ years in dentistry shows in the excitement she brings to each and every one of her lectures and training seminars. Each and every participant leaves with valuable knowledge and the understanding of her love for dental hygiene. Her enthusiasm is contagious and keeps the audience interested and entertained.

BLOOD PRESSURE PROTOCOL

1 in 5 people may have hypertension and don't even know they have it. The goal of this training is to help the audience to understand why accuracy in Blood Pressure measurement is critical in the identification and management of hypertension. Part of this training will be to educate on proper sizing of BP Cuffs and to demonstrate the correct way to take a BP. We will also discuss alternate sites for taking Blood pressure in a variety of settings. In addition, we will discuss some basic lifestyle modifications that have been proven to be helpful in lowering BP. We will recommend some tools for education and work flow ideas along with a statewide protocol that has been utilized in ND to help in identification and management of hypertension.

PAT SPIER, RN-BC, PCMH-CCE

Pat Spier, RN-BC, PCMH-CCE received her nursing degree from St. Lukes Hospital School of Nursing. Pat is a Patient-Centered Medical Home Certified Content Expert through the National Committee for Quality Assurance. Pat serves as the Medical Home Manager at Blue Cross Blue Shield of North Dakota and is a trainer for the medical home facilities. She also conducts statewide trainings related to blood pressure protocol and hypertension trainings for Blue Cross Blue Shield of North Dakota.

BARB RICE, RN-BC, CCM

Barb Rice, RN-BA, CCM is a board-certified registered nurse with her degree from NDSU. Along with being an RN for Blue Cross Blue Shield of North Dakota, Barb is a Manager for the Case and Disease Management department and conducts statewide trainings related to blood pressure protocol and hypertension trainings for Blue Cross Blue Shield of North Dakota.
