

COVID-19 UPDATE: Limited PPE (KN95 masks) Courtesy of the NORTH DAKOTA DENTAL ASSOCIATION and ADA

NDDA Members,

Limited PPE (KN95 masks) Courtesy of the NORTH DAKOTA DENTAL ASSOCIATION and ADA

Please watch for an email TODAY from the ADA titled: "Subject: Limited PPE Courtesy of ADA and NORTH DAKOTA DENTAL ASSOCIATION"

In the invitation, Member Dentists will be provided with a link to the registration form that requires the following:

1. ADA number (provided within the invite) and last name
2. Verify or edit their auto-populated information paying close attention to the shipping address
3. Confirm the request to receive an allotment of KN95 masks
4. Enter payment information for the \$26.50 fee

Requests will be processed in the order they are received from each group of prioritized states. Once a member dentist completes their on-line request and pays the fee, you will receive a confirmation email and can expect to receive your allotment within 10 business days. If inventory is not available when you complete your request, you will be placed on a "waiting list" (back order) and informed of such. The ADA will then send your back ordered allotment if and when ADA receives more product from FEMA. If additional inventory is not received, the \$26.50 fee will be reversed on your credit card.

Please try the link I have provided NOW. It may not work and may not be live until you receive the ADA email, but in the circumstances, I would like to get our NDDA members to the front of the waitlist in the event of limited inventory.

This link may not work until you get the ADA email as we are supposed to wait, but I would like to get our NDDA members to the top of the list.

ADA link for KN95 ordering: <https://registration.experientevent.com/showDEN202>

International, retired and non-practicing dentists and dental students will not receive an invite in this initial round. **If you are having any issues with logging in, please email the ADA Member Service Center at: msc@ada.org.**
